Pun Colling.

## Appendix B **SON SITE PROPOSALS**

The proposals below relate to potential applications for housing, employment or recreation uses only. Any proposal that a site should not be developed relates to the aforementioned three uses only and is not intended to affect scope for other uses such as, for example, allowable agricultural development.

- **SON 1:** This is the largest of all the sites put forward for development and as such it would not make sense to use all of it for any one purpose. Our proposals are two-fold:
  - First, the upper half (probably 10 acres) of SON 1 should be considered for use as amenity green space i.e. informal grassed recreation land without formal pitches or organised team sports use. This would give the north of the village the kind of open space that the Millennium Green provides in the south.
  - Secondly, in the event that SON 2 was developed for housing, there could be access to this site and to this end, the lower SE quadrant of SON 1 could be considered for a small area of housing in keeping with the nearby properties of Lambourne Road.
- **SON 2:** Whilst acknowledging the challenges to find suitable access routes, SON 2 should be considered as a possible site for housing.
- **SON 3:** SON 3 should be included as a possible site for development. Choices of use to be considered to include one or more of the following:-
  - Housing
  - Community centre / sports hall and playing pitches
  - Amenity green space (informal grassed recreation land without formal pitches or organised team sports use)
  - Office space
- **SON 4:** This site should not be developed for any purpose.
- **SON 5:** The proposal is to set this site aside and not to include it in the next design stage of our NDP.
- **SON 6: Whole site:** Only part of the site should be developed in order to retain the village envelope.
  - **Part site:** A small, mixed size, housing ribbon development linking 56 to 80 Kennylands Road.
- **SON 7:** This site has potential for development and should be included in the next design phase of our NDP. It offers scope for housing, a small-company office development, or sports/recreation use.
- **SON 8:** This site should be considered in the next design phase of the NDP for potential wider sports hall and recreation use only.
- **SON 9:** The site has potential for a number of development options and should go forward into the next design phase of our NDP. Consideration should be given to sports/recreation use, a small-company office development, or housing.
- **SON 10:** The proposal is to set this site aside and not to include it in the next design stage of our NDP for any purpose.
- **SON 11:** Only **part** of the site should be considered for development. There is potential to develop the strip of land running along the Peppard Road stretching from the northern boundary of Reddish Manor to the Blackmore Lane / Peppard Road junction.
- **SON 12:** SON 12 should not be considered as a site for development of any kind.
- **SON 13:** During the process it has been withdrawn and is not available for development.
- **SON 14:** This site should not be developed for any purpose.
- **SON 15a:** This site has potential for a development option and should go forward into the next design phase of our NDP.
- **SON 15b:** This is to be set aside and not included in the next design phase of our NDP.
